Gift Like You Mean It!

We envision **The Gift Guide Podcast** as a go-to resource for anyone looking to give more than just a gift, but a thoughtful expression of care tailored to someone's unique life experiences. Through engaging conversations, curated lists, and creative challenges, our podcast will explore the many ways gifting can be an act of empathy, connection, and celebration. By addressing hard-to-gift-for individuals and moments that aren't traditionally recognized, we aim to reshape how people approach holiday gifting, focusing not just on what to give, but why it matters.

KEY THEMES:

Life Milestones • Challenges & Transitions • Celebration of Communities • Creative Gifting

DISTRIBUTION:

Released daily on YouTube podcasts from Black Friday through New Year's Eve 2024. Audio versions will be released to various podcast platforms.

The podcast will continue bi-weekly in 2025.
